CENTLEMEN:—In response to the solicitation of a number of prominent gentlemen residing in the different settlements of your Electoral District to offer myself as a candidate to represent your interests in the House of Commons, I have, after mature consideration, consented to do so, and have now the honor to solicit your suffrages at the approaching

election.

The measures that a member of the House of Commons may be called on to deal with being different from those of a member of the local legislature, being in their nature more national, it is doubtiess expected that I as a candidate should advert to at least some of them that more directly concern your interests. I will say, the dian Transcontinental Railway, I shall, if elected, or dian Transcontinental Railway, I shall, if elected, or sider it to be my paramount duty in view of making it grand national success, to insist that his Terminus sha he at Esquimalt, and that the line shall traverse the tire outh-Eastern Coast of the Island from Johns Straits

Lucer the Terms of Union with the Dominion, it is the province of the local legislature, and not of the Dominion Parliament, to decide as to the kind of tariff that the people of British Columbia deem to be best suited to their varied industrial interests, during the next ten years. Should, however, the question come before the Dominion Parliament, I shall endeavor to have the tariff so trained as to meet with the concurrence of the agricultural, mining, and commercial interests of your district.

agricultural, mining, and commercial interests of your district.

As the Dominion now possesses exclusively the right to manage our postal and telegraphic affairs. I shall endeavor to secure for the Eastern Coast a bi-weekly main steamer of a superior class to the one now plying on the coast,—and also better mail facilities in each Settlement; and as I deem it to be of great importance of mmercially to have the most rapid means of transmitting intelligence between Nanaimo and Victoria, I shall urge on the Federal Government the importance of the early construction of a telegraph line to connect the two principal towns in the Province.

The increasing importance of the commerce of the Gulf of Georgia renders it necessary to have more Lighthouses. I shall therefore make the most strenuous exertions to induce the Federal Government to build a lighthouse at Nanaimo at once, and to erect others elsewhere, as soon as possible, to insure greater saiety and certainty in navigating the Gulf.

With respect to the Indians, I will urge that they be settled on Reservations, under the superintendence of Government Acents, where they may with the assist.

conditions rapidly improved.

The question of the early construction of a Marine Hospital at Nanatino, I deem to be deserving of serious consideration. The Geological Survey now begun will doubtless be o

great practical advantage to the country,—and anything that I may be able to do to insure the geological explora escape my attention.

The Fisheries along our coasts premise to become very profitable, and as the Iominion Government has agreed to extend its protection and encouragement to that valuable and important branch of industry, I will endeavor to secure for your district its full share of any aid that may be appropriated for that purpose.

Not being able at this time to explain my views at greater length, I will take an early opportunity to meet you personally and collectively in the different settlements, when I may bring under your notice other questions of a Provincial and bominional character.

In concussion, Gentlemen, if you should do me the hon-r to return are to the House of Commons as your representative, I pledge myself to fathfully serve your interests to the best of my ability.

I have the honor to be, Gentlemen, your obedient servant.

Victoria, B. C., August 3d, 1871. To the Electors of the Yale-Lytton District.

CENTLEMEN t.—Having been requested by a number of Electors to become a canadate for the representation of this district, I have great pleasure in complying with this request, and beg to solicit your votes and support. It is customary on such occasions for candidates to express their views and opinions on the leading issues of the day and in deference to this custom I beg to ofter for your approval the following policy.

I am prepared to advocate:

In the peal of the Qualification of Voters' Act.

2d Repeal of the Qualification of Voters' Act.

3d Amendment of the Registration of Voters' Act.

4th A National System of Free Schools.

the best of my abhitty, to carry out your wishes and opinions.

I am not in favor of penaioning the officials, and will advocate the repeal of the Penmanent Civil List Act. I will also vote for the repeal of the Qualification and Registration of Voters' Acts, as they are, in my opinion, unjust and unsuited to the people of this colony. I will resist any attempt of monopoly. I am in favor of an emiarged system of education.

In conclusion, I assure you that it will be my duty to advocate according in every department of the Government, and to support that policy best calculated to benefit the colony, that I will act in unison with the liberal and progressine party, whose principle it is to extend the power of the people and to remove those injurious laws, which are so degrading to the community.

Saanich Agricultural Pair. There was a grand gathering at South Seanich yesterday. North Saanich, Lake, and even Victoria was well represented. The day was fine, and a crowd of people turned out from all directions. The number present at the shows, evinced the warm interest taken in the display of agricultural productions, and domestic manufactures. Among the more prominent persons present were Mr. A. C. Anderson of North Sanich. Mayor Rebertson of Victoria, Mr. Fell, Mr. Mitchell, the well known Seedsman Mr. DeCosmos, Mr. Bunster, Mr. Dalby, Mr. Comper, Mr. Jessop, Mr. Driard,
Mr. Raeff, and a host of other notabilities. Prominent, however, among the crowd was Mr. Wm. Thompson, on whose grounds the Fair was held, aided by Mr. Imrie, Treasurer, and assisted by the indefatigable Mr. McIlmoyle, the former being President, the latter Secretary of the Saanich Agricultural Association. The ladies, too, were present from all quarters of the contiguous districts, and added didd much to the interest of the interest of the interest of the interest of the saanich Agricultural Association. After the decision of the judges was rendered and the prizes paid, the youth and manhood present tried their stock, in several closely contested races, and thus added additional interest to the gathering. Mr. Duncan Ledgate and others as a mark of their appreciation of the Victorians present gave them the articles that won the prizes. The display of stock, grain, vegitables, do-mestic manufactures, ladies' work, fruit, &c., did great credit to Sasnich and excited a spirit of emulation that deserves to be imitated. Among the articles deserving especial mention were the needle work of Mrs. Butler, the Isabelia grapes of Mr. Anderson, the fruit generally,and more especially the cheese of Mr. Brown. The latter was equal to the best English ever imported into Victoria. Some of the butter too, was "choice." The Indians also competed for prizes in domestic manufactures. REMEDY.

OREGON

RHEUMATIC CURE.

HISTORY.

This Remedy is composed of the active principle of the Unk Weed, Eng.—Thaspium Cordatum Originis, Lat .- ndigenous to Oregon. Grows most abundantly and perfectly in Washington Co.

PROPERTIES, Etc.

It contains an ACTIVE VOLATILE Principle, extracted by Ether, and a bitter TONIC Principle, soluble in Alcohol.

Medical Properties and Uses.

It is the most sure and speedy cure for Rheumatism, Rheumatic Gout and Rheumatic Pains of all kinds that was ever introduced in the Materia Medica. THE UNK WEED REMEDY, as prepared by us, in consequence of the existing bitter principle, possesses the necessary virtue of being a

POWERFUL TONIC,

Promoting the Appetite and Invigorating the whole Digestive Apparatus, thus Building up and Strengthening the system, while at the same time the volatile principle, being absorbed in the blood, acts specifically on the Rheumatic Poison, removing it from the cir-

action is so powerful in depressing the sys-tem of the already enfectled Rheumstic pa-tient, that their use has to be alrandoned before specific effects are obtainable, hence the want of success in treating this prevalent, and in consequence heretofore ineurabl disease. Unlike these Medicines, already

UNK WEED REMEDY.

the Rheumatic Poison, also possesses strong Tonic and recuperating element which admits of its continued use even by the most Delicate and debilitated. Thus we have the combination for the first time of these Two Necessary Elements in one remedy, which accounts for its Superior and never-failing

Rheumatism, Rheumatic Gout, and Rheumatic Pains of all kinds.

To the Electors of Esquimalt, Metchosin, Sooke and Highland Districts.

ELLOW ELECTURS, in deference to the wishes of many influential gentlemen, composing your body politic, I offer my services as one of your representatives, in the coming session of the Local Legislature. I consider it would be superfluous to parade before an intelligent constituency a long array of glowing promises, and if elected, I would only claim the poet's privilege, that is, to speak what you think.

My views are much in unison with yours, when I say that I am in favor of the immediate adoption of the Canadian Tariff; amendment of the Civil List Act, to embrace only Heads of Departments; a liberal and non sectarian School system maintained directly from the Trovincial exchequer; large appropriations for roade and bridges, and other works of public utility throughout the Province.

The question of a Graving Dock in Esquimalt harbor

and bridges, and other works of public utility throughout the Province.

The question of a Graving Dock in Esquimalt harbor is a necessity to our present and future wants, and highly practicable, and I will urge its claims in the House at the proper moment. A tax on wild lands, and free grants to bona fide settlers I would support. An extension of the franchise to all British subjects, and ballot voting, are reforms which I would also support.

I would only add, that the best interests of the Province, and especially of the district which I hope to have the honor to represent, will always be to me objects of my earnest solicitude.

I have the honor to be, fellow electors,
Your most obt. servant,
WILLIAM WILLISON GIBBS.

To the Electors of Victoria City

District. ENTLEMEN :- Having much leasure at my disposal, I venture to offer myself to you as a candidate to represent your interests in the local Legislature and respectfully solicit your vetes at the approaching

election.

The chief question at present before the public is that of Tariff. New I am of opinion that farmers and others are paying a great deal too dearly for protection, and feeling certain that the Deminion House of Commons will never grant us a modified Tariff, and that in the interests of commerce this great question ought to be settled at once and forever, I shalt, if elected, be prepared to vote for the immediate adoption of the Canadian system.

R. M. S. ZEALOUS returned to her anchorage in Esquimalt harbor yesterday morning.

Arrival of the Otter from the

The Otter returned yesterday afternoon from the northern coast ports. She left Victoria on the 15th Sept., and called at the following places on the way up: Nanaimo, Comox, Alert Bay, Fort Rupert, Bella Bella, Port Essington, Woodcock's Landing, Metla-kahtla, Fort Simpson, Massett herbor, Q. C. Island, and arrived at Fort Wrangel on Sunday, Sept. 23d; left again next day, and reached Skiddigate, Q. C. Island, on Tuesday evening; left Skiddigate on Wednesday atternoon and arrived at Woodcock's Landing next day, having been detained several hours by fog. Took on board 20 passengers from the Omineca mines and started next morning for Port Essington. At that place received 90 passengers more, and left at noon for Victoria, calling at Bella Bella, Fort Rupert, Alert Bay, Hornby Island (where four passengers went ashore), and Nanaimo.

The miners at Stikine have not done so

well as was expected, owing to the river hav-ing been unusually high this season. From Omineca the news is rather more favorable; a good number of men are taking out pay, and there is a considerable amount of gold dust among the passengers. The Otter experienced rain and fogs for the greater part Total, \$5241. Heads of expenditure: Bal-

Among the passengers are Messrs. Bacon,
Cunningham, Germansen, Webster, M. Ireland, and T. Curry.
Saw the brig Byzantium in Baynes Sound and the Emma, with the schooner Industry in tow, outside of Nanaimo.

THE OMINECA MINES, AC

From Mr. Ireland, the Omineca express igent, we gather the following from the Omineca mines. He left Germansen creek early in September; the news is considered be rather favorable, and the mines are turning out fair amounts of gold. For the last week in August the amounts were, on Germansen creek, \$10,000. Manson is a much better creek now than the former men tioned. The best paying claim in the coun-Pandora street: W. Bond, \$239; C. B. try is on Lost creek-owned by Ward, Dunleavy & Co.; it has paid as high as \$500 for the week per man. Other claims on this creek are paying fair wages.

THE BLACK JACK GULCH AND SLATE CREEK

nines are turning out tolerably we'l. On Skeleton, a new creek which was being prospected, great hopes were entertained. The best season for prosecuting discoveries is from September to November, and it is ex pected that some new diggings will be found. Mr. Germansen, who came down by the Otter, received, it is said, \$2,500 for his interest-having sold out his claims. On the creek which bears his name, the Davis claim, at the mouth of Black Jack guich, took out 140 oz. one week late in the month of

August. Un beuch diggings, it is believed, will be extensive. In several of the claims, our informant was assured, the owners were making \$25

er day to the man. Provisions are plentiful, and rate about as follows: Bacon, \$1 per tb; flour, 40 cents; beef, 30@35 cents; beans are scarce and in little demand. Mining tools are plentiful. A reasonable quantity of liquors is in stock, and clothing is plentiful and cheap.

Mr. Alex. Jack's claim on Germansen has paid more than wages. Mr. Theakstone has been part of the season mining and earning a ACCIDENT.

A man who was at work whipsawing lumber met with an accident a few weeks ago A saw-pit tell upon bim, and almost took hi scalp off; he was recovering, however. Four or five white women are on the creek

Woodcock's trail is completed to Babine Lake, and is a very good one. Several of the miners by the Otter propos returning next sprong to the mines. On the Skeens river, about six miles above

FIRE -Yesterday morning at three o'clock Mr. M. Hart, night watchman, discovered that the large frame building standing opposite Messrs. Dickson & Campbell's wharf, Store street, was on fire. He quickly ran into town and rang the fire bells, and the engines were on the spot in less than five minutes after the first stroke of the bell. Their services, however, were not required as wing to the timely discovery of the fire by Mr. Hart, a few buckets of water thrown by the boys Bucket Co'y, soon quenched the flames. The building has for some time been used as a mortuary for the bodies of China men, awaiting shipment by their friends to China. Some 8 or 10 bodies were in the building at the time. There is no doubt that the fire was the act of an incendiary, as it commenced in the centre of the building; it was insured in the Royal Insurance Co.

Manaimo Politics. EDITOR STANDARD :- In looking over the columns of your coutemporary for the 26th, I find in an article headed "Political Meeting at Nanaimo," in which the writer appears to have made it his study and aim, to misrepresent everything connected therewith. He makes Mr. Carey say, "he would if returned, put a bridge across the ravine," The fact is he never said any such thing, and that he (Mr. Carey) did not know the area of V. I., but there was a million acres of arable land lying waste from Nanaimo to Cape Mudge and thousands of islands in Johnson Straits What tomfoolery! could the writer be compose mentis? Or did be think that the electors of Nanaimo were such a lot of fools as to believe his account of that meeting in preference to their own actual observation? No. No! The

that yet. The only truthful part of the above article is the first sentence, "Mr. Carey has been actively canvassing Nanaimo District!" Therefore I will recommend to the people of down by the Otter yesterday, all but 17 were this Province (who wish to know the truth only, can any one who wishes to find the truth, be successful. I do hereby pledge my word that that is the only faithful report printed on this Island, and no one but some circulated in the Colonist. Allow me to inform the writer that truthfulness, honesty, and veracity would have served his cause better. Would some power the 'giftie gie us on Monday evening, it was resolved to make to see ourseives as others see us, twould frae many a blunder free us, and foolish notion." displays his large preponderance of bump no 10, sallying off in an unusual display of eloquence, based upon the high sense of honor, (not forgetting interest, too,) possessed honor? Is the writer of the first named article one of them? If so, "God forbid" A LARGE whale was picked up on the beach that I ever should be numbered in their in Hornsby Island, by Mr. Murphy of Comox ranks, for they always tell the truth when nothing else will serve them in their cause better. In conclusion I would say to the electors of Nanaimo, remember that those who now deal with you frankly and honestly in reports of meetings—in addressing you publicly or speaking to your homes, will deal with you in the future in a manner worthy of your confidence and trust. Actions speak louder than words. Lastly, I would recommend "Coal Bin" and his prototype, to be put through the same ordeal (by long tailed John) as the V. C. DR. CHING FUN—A CARD—EDITOR
STANDARD:—Through the medium of your
paper I want to state the very great good that has oeen
done me by Dr. Ching Fun of this city, nxet door Kwong
Lee & Co. For 24 years I suffered with neuralgis on
the brain, which baffied the skull of three first-class
American physicians. Latterly bronchitis attacked my
right lung, and my eyes became awfully inflamed. Des
pairing of ever being cured I placed myself as a last resort in the hands of Dr. Ching Fun, and after five months
treatment I am a well man and feel that I cannot sound
the eminent Chinese gentleman's praises too loudly, o
that all my countrymen similarly affecteed may visit
and find relief, Respectfully,

JOHN HENTON, of Kentucky, U. S.
